

Meet the Professor sessions will be held on Saturday, September 15 between 08:00 and 09:00. Participants are encouraged to register for these sessions by sending an email to w.poon@erasmusmc.nl or at the registration desk indicating your subject of interest and/or Professor.

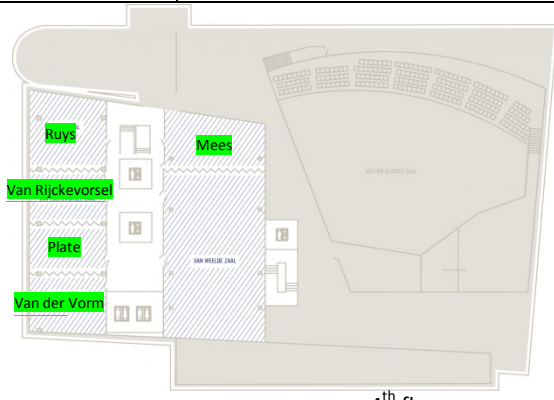

Meet the Professor sessions provide participants with the opportunity to be updated about a topic of interest in a highly interactive manner. The sessions will consist of interactive (case-based) discussions each with a expert discussants who will select, present and evaluate cases in the light of the current developments and consensus in Behçet's disease. The experts may frequently use case reports with questions regarding diagnosis and management.

Participants are encouraged to submit educational or controversial cases to one of the Meet the Professor sessions.
